Part 3 – Prize(s)

1.	
	The Live Trading Competition is based off of ROI :
	Calculation ROI% = (Current equity - (Starting equity + Total
	deposit)) / (Starting equity + Total deposit) *100
	- Starting equity equity is the end of day equity available in
	the trading account the day prior to the competition start
	date + any deposits
	- Current equity is the existing equity in the trading account
	the moment the ROI is calculated, at the end of the
	competition the current equity is the equity available in the
	account as of 11:59:59 of that final day. Withdrawals are not
	included in current equity
	- Deposits will include any deposits made into the client's
	account from the day that client registers to the trading
	competition, if no deposits were made after the clients
	registration to the competition, then any deposits made
	during the registration period will be included
	- If client does not deposit at all during the registration or
	competition period, then this client will not qualify for the
	promotion.
